Hi Dave,

The cabinet arrived safe and sound. I just wanted to tell you that I am really delighted with the quality. It is even better than expected and I am 100% pleased with both the cabinet and the service I received. I will certainly recommend your products and no doubt buy again in the future.

Many Thanks,
Martin

Hi Dave

Received safe and sound.

Very pleased, thanks very much.

Regards

Martyn

Hi Dave

Received the cap badge display cabinet last week, just put all my collection and it looks great.

Thanks
John

Dave,

Just a note to say how delighted I am with both units. I have taken a few photographs just to show you what I have done with the large unit. I have done anything with the smaller one just yet but will send you the results when finished.

As you see I have installed some small fluorescent lights above to give some illumination to the models. The locomotives are all Italian Rivarossi models and the top three rows show some of the very early ones produced after the war and are worth a substantial sum !

I will try to take some better pictures when all is complete but I thought I would send you these for now. If you wish to use the on your web I have no objections at all.

One final thing Susan has asked me if you would make me another smaller unit. I shall send you the measurements etc. I am in no hurry for it. If you could fit me into your programme around September /October time.

Many thanks once again

Regards Howard

09/06/2009

Hello Dave,

I am very pleased indeed with the display case, it exceeded my expectations, the quality is outstanding. So I am happy to tell you that I should like you to manufacture legs for this item

I look forward to hearing from you soon

Sandy

Hi!

Cabinet now on the wall with its contents absolutely super!

Thanks once again.

Peter

Morning Dave

Cabinet arrived safe and well - we have put it together and filled it up - it looks great in the school reception and everyone has commented on it!
We even had one person ask for the details of where we purchased it!

Thanks again

Liz

Dave,

Arrived today - delighted, they are excellent workmanship!

Many thanks indeed.

Regards,

Tim

14/02/2009

Hi Dave,

Many thanks for this...excellent! Should be looking for further cabinets later on.

Cheers,
Phil

Dave - I did promise to send you a pic of the model installed in the case you made. We are *delighted* with the case and the model in this very case is now on special display in the new Ivybridge library, to be opened by Princess Anne this Thursday. Julian will give a talk to HRH about the model.

We did give the model maker John Thompson your details so he will probably be ordering a case from you sometime...

Rgds
Kathy
